We believe that:

• Children and young people should never experience abuse of any kind
• We have a responsibility to promote the welfare of all children and young people, to keep them safe and to practise in a way that protects them.

Research

We recognise that:

• The welfare of children is paramount in all the work we do and in all the decisions we take working in partnership with children, young people, their parents, carers and other agencies is essential in promoting young people’s welfare
• All children, regardless of age, disability, gender reassignment, race, religion or belief, sex, or sexual orientation have an equal right to protection from all types of harm or abuse
• Some children are additionally vulnerable because of the impact of previous experiences, their level of dependency, communication needs or other issues
• Extra safeguards may be needed to keep children who are additionally vulnerable safe from abuse.

We will seek to keep children and young people safe by:

• Valuing, listening to and respecting them
• Appointing a nominated child protection lead for children and young people, a deputy and a lead trustee/board member for safeguarding
• Adopting child protection and safeguarding best practice through our policies, procedures and code of conduct for staff and volunteers
• Developing and implementing an effective online safety policy and related procedures
• Providing effective management for staff and volunteers through supervision, support, training and quality assurance measures so that all staff and volunteers know about and follow our policies, procedures and behaviour codes confidently and competently.
• Recruiting and selecting staff and volunteers safely, ensuring all necessary checks are made
• Recording and storing and using information professionally and securely, in line with data protection legislation and guidance
• Making sure that children, young people and their families know where to go for help if they have a concern
• Using our safeguarding and child protection procedures to share concerns and relevant information with agencies who need to know, and involving children, young people, parents, families and carers appropriately
• Using our procedures to manage any allegations against staff and volunteers appropriately
• Creating and maintaining an anti-bullying environment and ensuring that we have a policy and procedure to help us deal effectively with any bullying that does arise
• Ensuring that we have effective complaints and whistleblowing measures in place
• Ensuring that we provide a safe physical environment for our children, young people, staff and volunteers, by applying health and safety measures in accordance with the law and regulatory guidance
